

SHUKHAR FOUNDATION LAUNCH

The Gujarat Journey Team is most happy and excited to inform all our Sponsors, Supporters and Well-wishers that SHUKHAR FOUNDATION is up and running. We feel most humbled and blessed for having reached this significant milestone in the history of our existence. We offer our heartfelt gratitude and thanks to Almighty Allah. The FOUNDATION is already accepting tax-deductible donations from those participating in the Students Sponsorship program.

We are also happy to let you know that a spanking new SHUKHAR FOUNDATION website is undergoing final touches and will be, In-Shah-Allah, launched in the next few weeks.

This website will showcase our entire Gujarat Project with details about our Students Sponsorship and Family Welfare programs. Those not familiar with various towns, cities and villages, where our students and welfare families live and go to schools, will hopefully get this information and other much more relevant information.

This website will also house all our current and past newsletters and hundreds of photographs. Our hard-working and most talented web designer, Ashif Rashid, promises to make it interactive, easy to navigate, and user-friendly.

We have had a sneak preview of this website and are most impressed with its clarity, visuals, information, and resource-packed sections. We feel confident that you will soon be addicted to this website. You will be able to monitor our work frequently and learn where and how your generous donation is utilized, the impact it is making, and the transformations it is bringing about in the lives of our most in need brothers and sisters in Gujarat.

Stay tuned for the launch of the SHUKHAR FOUNDATION website!!!
