

## **2020 Gujarat Journey NL 12 - Forging Partnerships With Institutions**

One of the high lights of our Journey Through Gujarat 2020, was visiting the institutions we work with and meeting with the heads and leaders of these institutions.

We are most grateful to the Aga Khan Education Services for India for facilitating this. They opened doors for us, which were difficult to walk through in the past. We appreciate and acknowledge the warm and cordial welcome accorded to us by everyone we met at these institutions. They took valuable time out of their busy schedules to share with us their challenges and strategies that will help bring about transformative changes moving forward.

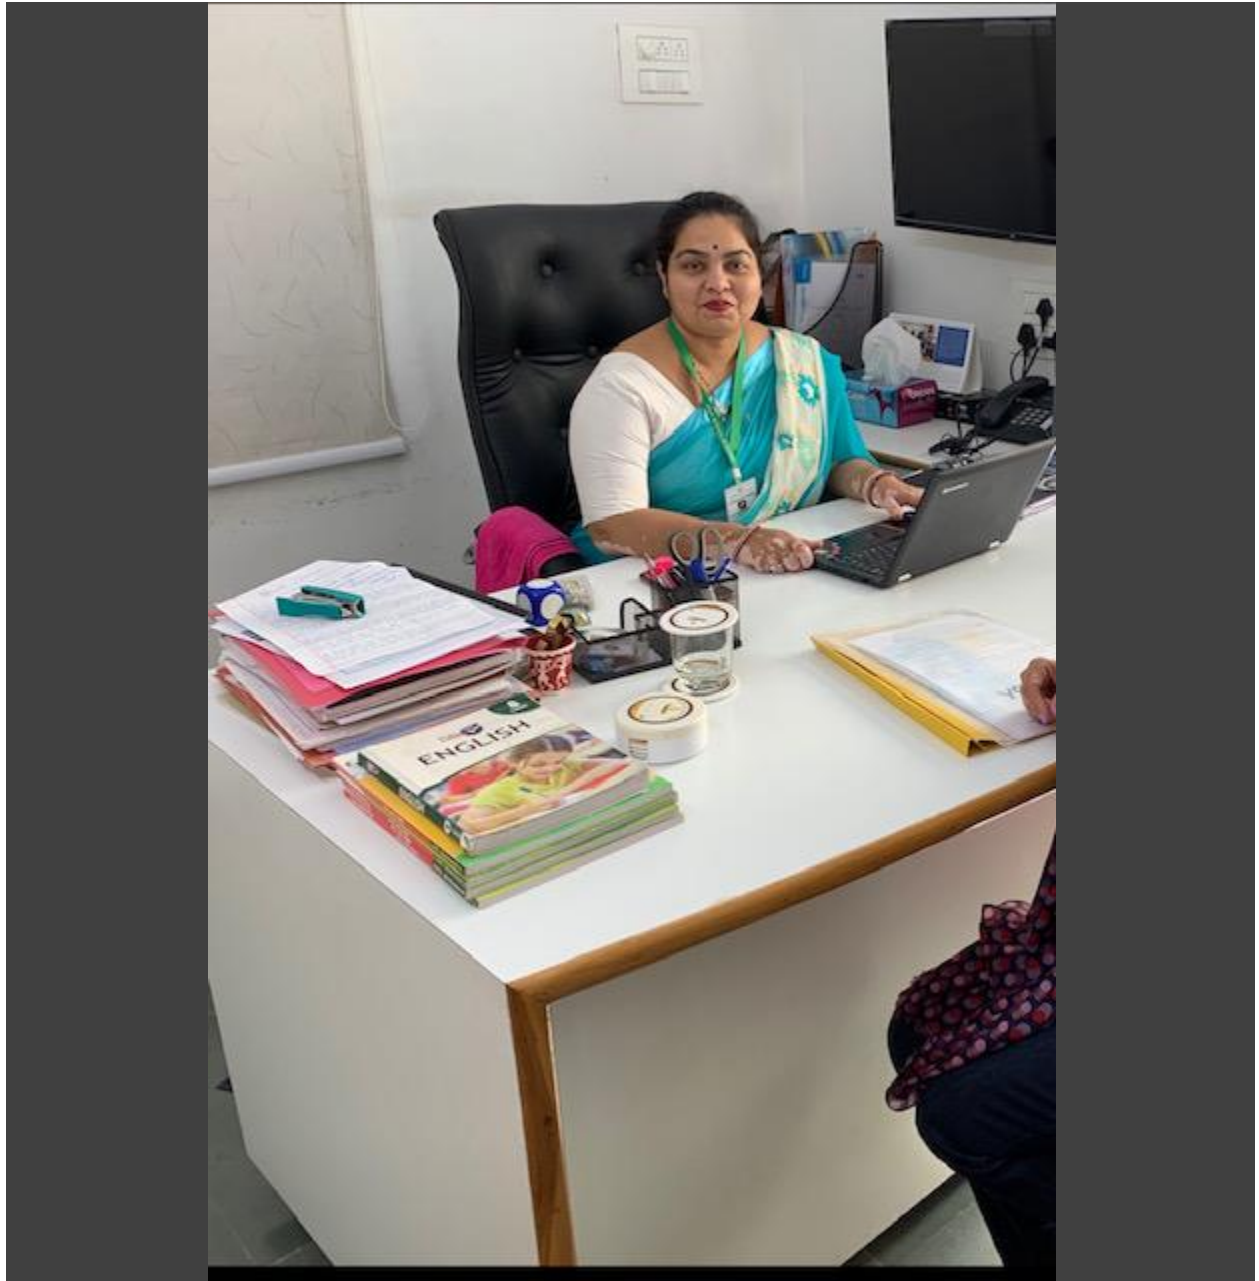

We also had extensive tours of the facilities we visited. We come back with a better understanding of the needs and aspirations of these institutions and, of course, the challenges they have to surmount to realize these aspirations. We also return with an elevated sense of commitment and resolve to do everything in our power, together with our sponsors and well-wishers, to help these institutions achieve their goals and aspirations.

We visited Malia Hatina Aga Khan School, Chitravad Aga Khan School, Mundra Aga Khan School, Sidhpur Aga Khan School and Rajkot Aga Khan Girls Academy. These visits helped us reinforce our already existing good relationship and rapport and forge new ones.

We are happy to share with you the photographs of the institutions we toured and the leaders we met during these visits.

Principal and Board Members - Agakhan School Sidhpur.

Principal, Chitrawad Aga Khan School.

Principal, Mundra Agakhan School.

Principal, Agakhan Girls Academy Rajkot.
