

SHUKHAR FOUNDATION

OUR JOURNEY

Welcome to the first newsletter of Shukhar Journey 2023!

As the crew gathers to embark on this first journey under the Shukhar banner, we want to make the journey come alive by sharing copious stories and photos! Vicariously, we will take each one of you with us on this epic journey as we travel through each village. Please expect to be inundated with newsletters as we share our findings with you as we meet and interact with our charges and the members of the various institutions that provide care to them. There is simply so much to accomplish.

The first newsletter is an apt place to give a standing ovation to our tireless leader, Razia Nathani Suleman, who has championed this cause for the past 18 years. Her dedication, her passion for bettering the lives of the Gujrati people, her zeal, and her ambitious plans for the children she serves is deeply inspiring to the crew that is fortunate enough to be mentored by her.

We would be amiss if we did not express deep gratitude to the members from previous Gujrat Journeys who have laid a solid foundation upon which The Shukhar Journeys can be built. They continue to remain valuable and contributing members of this initiative.

Equally important is to applaud each one of you who has dedicated your hard-earned, precious resources to this noble cause. With your help, lives are changing not just for the children we serve but for all the generations to follow. You are providing hope, you are allowing the children to dream of a promising future, and you are breaking the cycle of poverty. We hold hands with each one of you and embark on this Shukhar journey.

Next, we are on our way to Sidhpur where we have lots of students.

Welcome aboard!
